

Sat. 12.6.26.

De Karkal was to give a tea-party to the mandali this afternoon and for which function, a variety of eatables were under preparations at his place since the early morning. However at 9 P.M. Baba suddenly went to the doctor's place and

enquired if all was ready. He was told, that so far, only 'Sev' was ready. In spite of it Baba insisted upon the 'party' being finished up there & then. Tea was hurriedly prepared and distributed along with the 'Sev' through Baba's own hands to all the mandali and the boys and the preparations of the other eatables were cancelled. On account of this, the morning school was also cancelled, as it was ~~not~~ half past ten when the distribution and enjoyment came to an end. After that at the impulse of the moment Baba explained to the mandali about the fixed number of Spiritual Personalities that always exist in the world.

The summary of Baba's 'silent' lecture is as follows:-

The Key to the world is One, but again it is 'in the hands' of Five. For instance. There is a Treasure Box with only one key.

Now there are Five Personalities that control it. One is the actual key holder, ~~Second~~ is ~~the guard~~ without which - the key - the box cannot be opened. Second is the guard over the box whose permission is necessary before touching the box. The Third is the One ~~who knows how to open the~~ who alone <sup>can</sup> open the box. The Fourth is the One who is authorised to distribute the contents. The Fifth holds the power of authorising the distribution. So in this way all the Five equally hold the one and only key to the world. ~~One Key~~, Five Sadgurus and 51 Sadhus (the Real Sadhus)

bring the number now to 56 as the controllers of the Key. These 51 are the members of the circles of the five Sadgurus.  $51 \times 5 = 56$ . Out of these 56 each of the five Circles are comprised of 11 eleven members. 56 into 11 is equal to 616!

There are five Parliaments with 51 members in each of them with every member again divided into eleven parts! And in this way the play of the world is going on! These are all secrets."

At 2.30. in the afternoon the boys were all given a bath. After that Baba distributed "Shira" with his own hands to all the Arunjam women and children. In the evening with 10 of the wandali Baba went to see Ram-Durtis' Circus and in spite of going all the way to Ahmednagar for that purpose the party ~~was~~ witnessed the special show for only 15 minutes and returned back to Indorebad by 6.30. P.M.

One of the school boys named Inalari was found <sup>to have</sup> absconded in the evening.

At this, at first Baba created a great row. Those who were responsible about the boys were threatened that unless the boy returns Baba will fast for 7 days and again at the end of the period if the boy is <sup>still</sup> not back He will again fast for 7 days. "I have told you hundred times along with bowing at you people's feet, but you don't stir yourself to activity and attention" were the final words conveyed by Baba during that storm in the tea pot. But soon after, <sup>Baba</sup> relaxed into gaiety and declared a free pardon to all as well as "said" that the boy was a "rolling stone"

After the Bhajan Baba retired over the Hill  
at 9. P.M.

Sun. 13.6.26.

After Baba came down as usual  
in the morning Madhavuath recited some  
Bhajans accompanied with Kinkeri playing.

The mandali were ~~also~~ given 'Shris' in  
the morning by Baba with His own hands.

From 12 to 1.30. debating was held amongst  
the boys, after which 20 of the mandali and  
81 boys accompanied Baba to Ahmednagar  
to witness a dramatic play. The Bombay  
Parsi Theatrical Co who were 'showing' at  
Ahmednagar of late had arranged the play  
"Shakt Soudas" specially that day for Baba  
and party. One of the actors in the company  
was Baba's own uncle (miki) who also took part  
in the play that day. After the first Drop-  
Scene Baba left His seat and throughout the  
rest of the performance kept on roaming  
about the place including the wings taking  
through signs and writing with all. At 5.30  
in the evening the play came to an end,  
when the party began returning to Meherabad  
in small batches of as many as could go in  
one trip in the big motor lorry that was at  
their disposal. The last trip was finished up  
at 8.30. A special meeting was called together  
when Baba signed them all to discuss and  
~~also~~ narrate the various aspects of the days  
entertainment. Chanji repeated the whole  
plot in Gujrati language. Baba wound up

the debate by 'saying' that the playing was a very good one since the whole plot meant

'3in 232en 3 2in 232en'

i.e. When lust is left God is met.

Baba went over the hill at 9.45. o'clock in the the night.

Mon. 14.6.26. The Divine Help!

A special tea party was held this evening in jubilation over Inobon Shobne having recently passed through the B.A. Examination successfully. Decorations with mango leaves were made in the hostel ~~the~~ premises and a special raised <sup>'Gadi'</sup> ~~seat~~ was also arranged whereon Baba took ~~his~~ seat. Some of the mandali gave ~~some~~ short lectures suitable to the occasion.

Inobon himself delivered a few words of thanks to Baba and also described how he was helped in his examinations by remembering Baba.

It transpired that Inobon thought himself to be very weak in Saxon English just before the examination day and so he thought of invoking Baba's divine help. After solemnly repeating Baba's name he opened the book at random and the page that came to his sight was ~~made by~~ committed to memory by him completely. As believed by him, in the question paper <sup>on the examination day</sup> he found that, that which he had committed to memory was required to be answered!

As all the proceedings of the meeting were being carried out in English, Wasaji complained that he could not follow them, upon which Baba made him go outside. However after some time the rather

too inquisitive old man was taken ~~in~~ back in the meeting. After the lectures Baba distributed with His own hands gelebis and milk tea to all those assembled there, and the very successful function came to an end at 5 P.M.

A urinery was got ready today for the boys in the school premises for night use only.

Tue. 15. 6. 26. **A Sudden Search.**

The only notable event today was the sudden search that Baba caused to be made about the boys' belongings. Many were found to possess many unauthorised knives-knives for which they were made to be punished by Baba through Arjun. Baba played a little cricket in the evening. He went to the Hill at 8.30.

Wed. 16. 6. 26. **Baba Begins Fasting!**

The boys were bathed at 2.30. in the afternoon by Baba and some of the mandali. after which quinine pills were given to them. In commemoration of 'zarthast no Diao' the mandali were treated to milk tea and some beautiful divine-explanations between 3 & 4 P.M. When at the conclusion Baba 'said' "I will observe fasts till February as I have to take 'contrary' air breathing as it is almost the final touches now in connection with the Circle-perfection. These days are for the the Nyogi mandali"
