

Saturday 24th July '26

There was some discussion again this morning

in connection with repetition of cooling etc as usual

mother insisted to have quite a separate cooking arrangement. The rest of the day was passed without any untoward event. At night instead of milk, tea was given to the mandali.

Before sleeping time at 10. P.M. once again the party was given a false alarm.

This time it was Bishoo who cried out that he saw some black figure flitting away from the Indian side. Baba himself accompanied the whole of the mandali and they went over the whole of the Inlherabad with lanterns and sticks and made quite sure that none was lurking about anywhere in the near vicinity and after all went to bed.

Sunday 25th. July '26.

The Hindus mandali observed the Gurn - Poruira holiday today. Remarking upon the same Shri conveyed that real Gurn - Poruira meant ॐ or ॐ ॐ ॐ ॐ ॐ or bow down at the feet of the Gurn with the innocence of a child and swear that none will leave Him until He begins to speak? Besides this holiday, today was Parrajji's birthday and for which Baba distributed tea and sweets amongst the mandali. During the usual evening Bhajans between 7 + 8 P.M. in the middle of the recitations Baba suddenly took hold of the Duff himself and played it with beautiful timing. At this the "Vital Vital" recitations were carried on with a great vigour and enthusiasm and for about half an hour

a very serene and sweet atmosphere prevailed!
Between 8 to 10 at night ^{Bebe} all played
a few games of Ati-Patis for two hours in the
bright moon-light, when ^{at the end of the play} Baba also distributed
good milk tea amongst the mandali. ~~at the~~
~~conclusion of~~ Thus on the whole it was a
very enjoyable day. Today was also the 1st
day of the annual examinations that have been
begun in the schools, ^{wherein} ~~and~~ ^{also} 5 more new
boys have ^{also} been admitted.

Monday 26th July '26

The examinations results were drawn
out by noon today and after which the school
was given a holiday. Three more boys ~~were~~
were ^{also} admitted in the school today. Our Raja
Mandaprao who had come to Incherabad
with his family since this morning gave a very
successful tea party to the whole of Incherabad
at 3 P.M. Besides tea, a variety of sweet and
salty eatables were also liberally supplied in
handfuls to all.

At 7 in the evening Bebe called a meeting
and enquired of all the mandali if they had any
inconveniences or complaints to make about their
duties etc. Many additions and alterations in the
general programme were made and as
far as possible the individual conveniences were
looked after and attended to. After that Keshu
Sharma was asked to repeat before the mandali
how his brother saw Baba at Nagar about a month
ago although at that ^{time} Baba was ~~at~~ at Incherabad.

It transpired that Kake's younger brother who resides at Ahmednagar when once he went to the Bazar he found there Baba with four unknown strangers. He bowed down over Baba's feet for paying him respects and after finishing with the respects paying when he - Kake's brother - lifted his head lo! there was nobody! Neither Baba was there nor his four companions! Explaining such ~~fact~~ phenomena Baba dwell at length on the subjects of Shaktas = Powers when He divided ~~the~~ such super-natural powers into three divisions. "Swayambhava" "Ananta" & "Sidhi" and continued the silent lecture till 10. P.M.

Tuesday 27th July.

There was a special meeting this morning when a great change was decided about the Mandali's diet. From tomorrow Baba arranged that all the Mandali members to take weak-tea without milk and Jawari bread in the morning and evening (both the times of the day) and the usual Dal & Rice in the afternoon!

On account of nearly as many as seven boys lying down with ill health Baba seemed to be less cheerful and always ^{worried} concerned about the sick boys. The school authorities were given special instructions to take extra care in keeping the ^{boys'} chests warm ~~th~~ & their ears well wrapped in the cool hours.
